MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Catalog of Approved Requirements Documents (CARDS)

1. NEW EDITION: This document supersedes CARDS dated July 1990.

2. PURPOSE: CARDS is an ODCSOPS publication which lists approved materiel requirements documents. Its purpose is to provide up-to-date reference information to the combat and materiel development communities.

3. USER INSTRUCTIONS:

a. The inclusion of an approved requirement in CARDS does not signify that development will necessarily be accomplished. Development in response to requirements contained in this document will conform to approved Department of the Army policy and regulations.

b. CARDS is normally updated annually in three sections as follows:

SECTION I...Lists by title active Operational and Organizational (O&O) Plans, Justification Major Systems New Starts (JMSNS), Mission Element Need Statements (MENS), Letters of Agreement (LOA), Training Device Letters of Agreement (TDLOA), and Training Device Need Statements (TDNS).

SECTION II...Lists by title active Materiel Need (MN) documents, Qualitative Materiel Requirements (QMR), Small Development Requirements (SDR), Training Device Requirements (TDR), Commercial Training Device Requirements (CTDR), Required Operational Capabilities (ROC), Expedited Required Operational Capabilities (EROC), Quick Reaction Program Documents (QRPD), Letter Requirements (LR), Training Device Letter Requirements (TDLR), Technical Requirements (TR), Joint Service Operational Requirements (JSOR), and Joint Operational Requirements (JOR).

SECTION III...Contains, by reference number, materiel requirements that are not active. An additional

**SUBJECT:** Catalog of Approved Requirements Documents (CARDS)

4. RESPONSIBILITIES: HQDA (ODCSOPS) is responsible for the review, revision and publication of CARDS.

a. Changes to CARDS will be posted to the data base by ODCSOPS as they occur for inclusion in the next CARDS publication.

b. Users of this document are encouraged to submit corrections, changes and recommendations for improvement to HQDA, ODCSOPS, ATTN: DAMO-FDR, Washington, D.C. 20310-0460, AUTOVON 227-0087 or Commercial (202) 697-0087.

### SECTION III

JULY 1991

SECTION III contains materiel requirements that are not active. An additional entry shows year and month of deletion and a brief reason for that action. Requirements documents are added to section III when research and development efforts are completed (i.e., Standard Type Classification), when requirements no longer exist or further developmental efforts are not warranted, or if requirements are not funded for two years. Deletion recommendations may be submitted to HQDA at any time by a user representative or materiel developer with rationale.
